BATTLE FOR PARIS ENTERS FINAL STAGE

FRENCH AND AMERICANS MARCHING IN

Gen. Dwight Eisenhower's Headquarters Declares Liberation of City "Is a Fact"

FIGHTING DYING DOWN

BULLETIN
Paris, Aug. 25—(AP)—Street fighting raged through the heart of Paris today as American and French columns drove into the city from the south amid a tumultuous welcome from hundreds of thousands of Parisians.

By JAMES F. KING
London, Aug. 25—(AP)—French and American troops entered Paris today and detachments penetrated to the center of the city. The final stages of a battle for liberation were in full swing and a joyous populace already was celebrating its freedom. Allied broadcasts from the capital declared.

(The Liberation of Paris by French and American forces "is a fact," declared an NBC broadcast from a reporter with American forces in France.

Brig. Gen. Jacques Le Clerc entered the Orleans gate at 9:45 a.m. broadcasts from Paris said.

The bulk of the French general's second armored divisions—30,000 strong—was massed in the Pont De Sevres sector in southwest Paris and already had begun to march in, said one Allied transmitter broadcasting from Paris.

Gen. Charles De Gaulle was said to be at Bagneux a southwestern suburb six miles from the center of Paris waiting to be conducted into the capital where the carillons of Notre Dame and church bells throughout the city already heralded the enemy of one spearhead.

In the courtyard of the Seine police prefecture the Marseillaise was sung and soon the anthem was taken up through the neighboring streets. Streets of the capital were draped with Allied flags.

The old revolutionary war cry of Parisians, "to the barricades," was sounded in appeals to the populace to rally to the final fight for liberation, which was said to center at the Ecole Militaire, the Palais Du Luxembourg and the district of Clinchy in north Paris.

But fighting was said to be dying down in the old tapestry manufactory, the Gobelins, and the French were mostly in control of the suburbs—the red belt.

The FFI was ordered to hold its positions "at any price" until reinforcements arrived in strength.

Patriots in the town hall of the 11th ward in the northeast called for reinforcements and ammunition replenishment during the night.

But "a great part of the capital has been liberated," a Col. Rolle, identified as an FFI commander, broadcast.

The Patriots were in control of several bridges and all barricades were declared manned.

Leclerc went through the boulevard St. Germain and moved on the Palace De La Concorde.

American forces stationed at Bourg La Reine and Bagneux started moving into the city at 8:15 a.m.

Other tanks and vehicles of Leclerc's command entered by the Chatillon gate at 7:15 a.m. and traveled the Boulevard Brune.

The arrival of a detachment in the center of the city was reported by an American correspondent in a broadcast.

The Morocco radio said the "bulk

Score of Boys Report For St. Louis Cards' Tryout School

The St. Louis baseball tryouts opened one of the biggest sport weekends held in Warren in many years. Pop Kelchner and Roy Dissingar arrived in Warren about 10:30, coming from Clearfield. They organized the boys at the State Hospital diamond and immediately got them ready to play. Dissingar took care of the fielding while Kelchner took notes of promising.

Included among the score of boys who reported were a number from Kane and Oil City.

Kelchner started the tryout with these words: "This is not a school. You are here to show us what you can do. Of course, you may not hit the big leagues right away. You will probably begin in a D league. Some may have the ability to start out in a better league.

There is no reason at all why some of you boys can't make the grade. You must be interested in order to play ball. We will judge speed, hitting, batting, and fielding."

The boys were reminded of words spoken by Honus Wagner that boys don't realize the opportunities they have. Honus said that when he started out he played for fifty dollars a month.

Pop Kelchner played ball in Warren in 1907 with the Kane Interstate team. This makes his 36th year as a scout. Three were spent with Connie Mack, five for the St. Louis Browns, and 26 for the Cardinals. Among his finds were Joe Medwick, Billy Myers, Stan Musial, Charlie Gilbert of World Series fame, and Whitey Kurowski. Kelchner stated that two

Oil City Looks Forward To Welcome For Col. Gabreski

By JOAN SKIDMORE

Oil City, Aug. 25—(AP)—Friends and townpeople of Lt. Col. Francis Gabreski rejoiced quietly today and again looked forward to a big homecoming celebration as they reviewed the news that the nation's top fighter pilot no longer is listed as "missing," but is a prisoner of war in Germany.

They took their cue from the hero's family, who conducted "business as usual" in their grocery market here.

Expressing her gratitude that her son is safe, Mrs. Stanley Gabreski smiled through tears and confessed:

"I'll be happier when he is home."

The friends and townpersons had planned a gigantic celebration for the ace's expected homecoming early this month.

The celebration we planned was to have been a large and spectacular one," Stephen Oliver, a member of the committee said.

Mr. Gabreski, who never

theless declared yesterday's news made him "feel good," insisted: "I always felt that he was alive, somewhere, maybe lost for a time, but I felt we'd have good news."

Mrs. Gabreski yesterday enjoyed for the first time the medals her son had won, and which arrived after he was reported missing. She proudly displayed the Distinguished Flying Cross which have been arranged by the Retail Merchants of the Warren Chamber of Commerce, will be held at 7:15 p.m. Monday at Lacy school, Harry A. Summers directing.

It was when the medals arrived, Lottie, his sister, said, that her mother "broke down," viewing the mute tokens of her son's heroism as only a sad reminder that he was lost.

Like Kay Cochran of Prairie Du Chien, Wis., her son's fiancee, Mrs. Gabreski has prayed in her church each day for the pilot's safety.

Miss Cochran, whom the pilot while stationed in Hawaii, wasn't too surprised when she learned he was safe.

"I knew my prayers would be answered," she said.

CANNES TAKEN AS AMERICANS EXTEND HOLD

Noted Resort on French Riviera and Nearby Town of Grasse Seized in Eastward Drive

FIGHTING IN MARSEILLE

BULLETIN
London, Aug. 25—(AP)—French Forces of the Interior entered Lyon, third city of France at the head of the Rhone valley, Thursday, a communiqué from the FFI announced tonight.

By NOLAND NORGARD
Rome, Aug. 25—(P)—American troops of the Seventh Army have seized the resort of Cannes on the French Riviera and the nearby inland town of Grasse, extending the hold on southern France eastward today toward the Italian frontier, Allied headquarters announced.

Another U. S. column, smashing westward from Salon, northwest of Marseille, was reported within eight miles of Arles and the lower Rhone river, in the drive on that vital natural highway for a juncture with Allied armies in northern France.

Allied troops landed on the Mapia (St. David islands) yesterday, Tokyo said, but the invaders were driven off in a few hours with heavy losses. There was no indication of the scope of the reported action. The Mapias lie about 100 miles due north of Manokwari on northwest New Guinea, a bit over 400 miles south of Palau which guards the eastern Philippines and some 300 miles east of hard-hit Halmahera.

Tokyo vaguely said "western Sumatra" was raided and that two Allied planes were downed. This island has suffered two previous Allied raids at Sabang.

Sumatra buttresses the Japanese hold on Singapore naval base.

Halmahera, stepping-stone to the Philippines, took its heaviest fighting continued in both Marseille and Toulon—the two big ports needed as major supply bases for the Allied forces.

There were sporadic street battles in Marseille, chiefly in the harbor district, an Allied official said.

Lord Mountbatten said his men were fighting an often fanatical war over some of the world's worst terrain and that the Allied hardships in his theater largely were unnoticed by the "folks back home."

He declined to forecast future operations. Instead he reviewed to a press conference the campaign which has been hampered by lack of landing craft, withdrawn for use at Anzio and France. He said the loss of their vehicles meant a revision of his plans "on a less ambitious scale," aimed at clearing the Japanese from northeast Burma and thus improving the supply situation for China and Major Gen. Claire L. Chennault's "very effective" U. S. 14th Air Force.

He said the campaign strategy was for Gen. Joseph W. Stilwell to drive on Mogauang and Myitkyina with American and Chinese forces while the British 14th army blocked Japanese reinforcements from moving to meet him and also engaged the bulk of Japanese strength in Burma.

Targets included four aircraft factories, three air force stations, a research center, a synthetic oil plant and the robot bomb station.

1,100 Heavies Hammer Ten Nazi Targets

London, Aug. 25—(P)—More than 1,100 American bombers escorted by strong forces of fighters and fighter bombers smashed today at ten north German objectives including the Feenemunde experimental station north of Berlin where flying and rocket bombs are developed.

Targets included four aircraft factories, three air force stations, a research center, a synthetic oil plant and the robot bomb station.

Vaccination Rule Postponed 90 Days

Harrisburg, Aug. 25—(P)—The state health department has authorized a 90-day postponement if necessary of school children vaccinations to help halt the spread of infantile paralysis, now totaling 496 official cases.

Dr. J. Moore Campbell, deputy health secretary, said physicians will be permitted to give temporary certificates to permit unvaccinated children to attend classes.

The department reported five new cases, three in Erie county, one in Bradford and one in Fayette.

In Philadelphia, Public Health Director Dr. Rufus S. Reeves said there were 123 confirmed cases and nine others which have not been certified.

SUCCESSFUL EVENT

Chill weather last evening failed to daunt those who had planned to turn out for the band concert and ice cream social at McClintock school, attendance at both events being very satisfactory. Another in this series of concerts, which have been arranged by the Distinguished Flying Cross with seven clusters, the Silver Star and the Polish Cross of Valor.

The decision was reached by the 4,000 miners in separate meetings of the Maple Hill, Knickerbocker, St. Nicholas and Mahanoy City collieries. The first to act was the Maple Hill colliery, the first to walk out.

The back-to-work action was taken after C. J. Potter, deputy miners' administrator, called on the miners to resume work by today.

JOB FOR LIVENGOOD

TOKYO REPORT OF NEW ISLAND INVASION NEARER PHILIPPINES WITHOUT ALLIED CONFIRMATION

By J. B. KRUEGER

Associated Press War Editor

Allied troops have attempted a new island invasion nearer the Philippines, Tokyo radio said today without confirmation.

The same enemy source broadcast that 28 carrier planes raided western Sumatra at the other end of the Dutch East Indies, similarly without Allied confirmation.

These indications of a quickening tempo in the southern Pacific coincided with two London announcements promising harder blows against Japan from south-east Asia.

Adm. Lord Louis Mountbatten has returned to East Asia from Britain with new plans for stepping up the war in that relatively quiescent sector; Adm. Sir Bruce Fraser arrived in Ceylon to take command of the British far eastern fleet in succession to Adm. Sir James Somerville. Fraser is known as a doughty sea commander outstandingly successful against the Germans.

Allied troops landed on the Mapia (St. David islands) yesterday, Tokyo said, but the invaders were driven off in a few hours with heavy losses. There was no indication of the scope of the reported action. The Mapias lie about 100 miles due north of Manokwari on northwest New Guinea, a bit over 400 miles south of Palau which guards the eastern Philippines and some 300 miles east of hard-hit Halmahera.

Tokyo vaguely said "western Sumatra" was raided and that two Allied planes were downed. This island has suffered two previous Allied raids at Sabang.

Sumatra buttresses the Japanese hold on Singapore naval base.

Halmahera, stepping-stone to the Philippines, took its heaviest fighting continued in both Marseille and Toulon—the two big ports needed as major supply bases for the Allied forces.

Fighting continued in both the Seine and the nearby coast at a point four miles from Honfleur, may be wiped out in another 24 hours.

As the Germans fell back before this enveloping attack, managing to get many of their troops beyond the Seine but leaving thousands of others and a great bulk of equipment behind, the first Allied force—the Second French armored division—finally entered Paris.

Supreme headquarters said the French forces plunged into the city's outskirts at 2:30 a.m. after encountering "considerable" enemy resistance. In Paris, the French troops joined with Patriots in a fight for possession of the city whose liberation was prematurely announced two days ago.

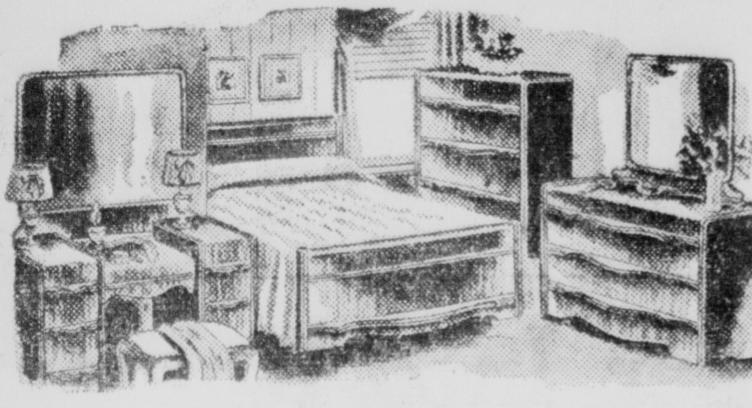

The supreme command still remained largely silent about the activities of Lt. Gen. George S. Patton's armored forces southeast of Paris. The only news was that Montereau, near Fontainebleau, and Montargis, further south, had been occupied with an advance east of the latter city. There was no report on the Americans who two days ago penetrated 15 miles beyond Sens, approaching to within 150 miles of the German frontiers.

The present speed of advance indicated that the lower Seine pocket which extends from Elbeuf to Bernay then roughly to the coast at a point four miles from Honfleur, may be wiped out in another 24 hours.

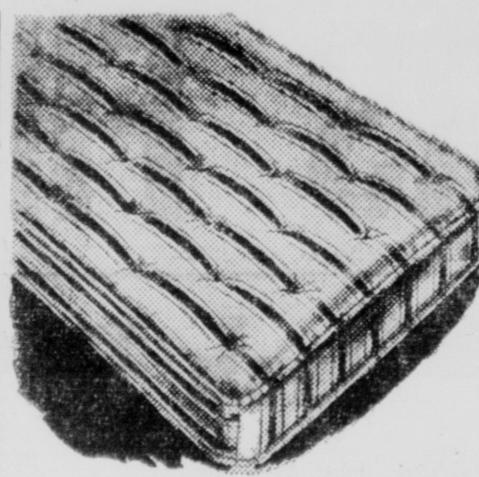

The Germans shoved the bulk of their forces remaining in the rocket coast RAF pilots reported German trucks fleeing last night, with lights on, toward Amiens. At least 15 trucks blew up when hit, indicating they were carrying munitions. The fliers said it was the first time they had observed the Germans using lights.

Sugar Ration Can Be Given By Local Board

en from files and checked, coupons will be issued by mail.

So, the board states, if you received less than 20 pounds the first half of the 1944 season, wait and you will receive the balance of the coupons. If you did not apply at all in the first half of the season, you may apply now by mail for the full 20 pounds per person in your family and the coupons will be mailed to you.

Continuing, the officials say: "We are trying to the best of our ability to take care of your needs, subject to certain rationing restrictions. We want to do this with the least possible trouble to you

and, with your continued cooperation, we feel that you will be pleased with the results".

Meanwhile, Room 201 of the Warren National Bank building will be closed to the public. Forms may be secured at the board of office and from distribution officers by those who have so far made no application this season.

For badly stained table linens, mix one cup of bleach into wash water, wash linens ten minutes and rinse several times.

Everybody reads the Times-Mirror.

Relief for the home canner is granted through an important change in the home canning sugar regulations announced today by the local war price and rationing board.

Authority has been granted to the local board to issue immediately to all those who received less than their allotted 20 pounds so far this season the remainder to which they are entitled.

It will not be necessary to make application for this balance. It is stated at the board's office, Work is being started immediately and as fast as applications can be taken.

LICENSES SUSPENDED

In the current report of suspensions and revocations of driving permits provided by the state department of revenue appear the following names from Warren county: Clair Beardsley, Sugar Grove RD 2, and George E. Bogert, Columbus, beginning August 18 and ranging from 30 to 90 days for failure to provide financial responsibility; Michael Benson, Russell, for intoxication. Driving privileges have been restored in the same period to Howard Witz, of Russell.

REGISTER THAT BIKE

Police officials estimate that only about 700 of the estimated 2,500 owners of bicycles in the borough have had them registered during the week. This means that about 1,800 bicycles are still unregistered. For the convenience of those who have not found it possible to go to the station before announcement is made that registrations will be made all day tomorrow beginning at eight o'clock. Bike owners are reminded that the ordinance provides a fine and costs for failure to have a bicycle registered and inspected.

Peculiar Circumstances May Bring Adjustment in Rentals

Announcement was made today by Frank S. Anderson, District Rent Executive of the Erie OPA District of two new amendments to the Rent Regulations.

Under the first one, called the "peculiar circumstances" amendment, provision has been made for upward or downward revision of rents if the rent on the date determining the maximum rent was materially affected by peculiar circumstances and as a result was substantially lower or higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent rate.

A landlord to come under the provisions of the amendment must be able to show that the rent at which he was frozen was fixed under conditions definitely not present in the usual bargaining situation and as a result his rent is substantially lower than the rent generally prevailing for comparable housing accommodations.

Examples of cases coming under this "peculiar circumstance" provision include a so-called "ghost" house renting for below comparability, a dwelling unit rented at a very low figure by a mental incompetent, a house with low rent because of disputed ownership, and an apartment rented at an abnormally high figure because of the need for dwelling accommodations for a short term of one month.

Three requirements for an adjustment under this amendment are necessary:

1. The rent on the date determining the maximum must have been substantially below the rent generally prevailing in the area for comparable accommodations on the maximum rent date; 2. It must appear that there were "peculiar circumstances" in connection with

the renting; 3. It must appear that the low rent actually was caused by these peculiar circumstances.

A second amendment, which becomes effective September 1, permits adjustment to certain landlords who can prove they have suffered substantial hardships through increased taxes or operating costs.

Before a finding of substantial hardship can be made, Anderson indicated, a landlord must show a substantial decrease in net income, before interest, and a substantial and unavoidable increase in property tax or operating costs since the maximum rent date.

In general, the Rent Division has ruled, no substantial hardship within the meaning of this amendment will be deemed to exist where its relief would require less than five per cent adjustment.

In determining whether rent increases will be allowed, net income and current operating costs will be compared with those of a representative period, usually three years before the maximum rent date.

The information landlords will be required to submit in landlord's petitions for adjustment will be similar to that they have already submitted to the Internal Revenue Bureau in income tax reports.

Adjustments in rent under the "substantial hardship" amendment will be subject to the limitation that they shall not result in maximum rent higher than the rent generally prevailing in the defense area for comparable housing accommodations on the maximum rent date.

Stage All Set For Big Game At Wilder Field on Sunday

The stage is all set for another outstanding baseball game at Wilder Field, Irvine, Sunday afternoon when the National Forge outfit stacks up against the General Electric of Erie, winners of the second half championship in the Erie Glenwood League.

Dick Hines probably will be on

the mound for the Forge, with the rest of the lineup about the same as that which has been used during the biggest part of the season. The Dazzler has suffered only one setback, that at Corry when the Forge was without several of the better members of the club.

It is possible that "Peely" McKinney will be back in the outfield for the Forge in Sunday's game. If he is, both the defensive play and the hitting of the Irvine nine should be improved, although Aumer has given a good account of himself in right field.

For the GEAA, either Red Whifford or Cooney will be on the mound in Sunday's game, with Elder or Williams on the receiving end. The rest of the Genico lineup will include Kienholz at first base, Miodas at second, Trohoski or Hall at shortstop and Seus at third. In the outfield probably will be Bell, Gajewski and David, with Dempsey and Williams as alternates.

It has been stated that if Whifford does not pitch, he will be at first base, replacing Kienholz. Whifford has been a hot man with the bat this season and has been batting in the cleanup position.

The General Electric dropped

only two games in the second half of the Erie circuit, losing to the Moose and the Brabanders, both of which were seen against the Forge earlier in the season. The Irvine boys managed to eke out narrow wins in both contests and probably will have their hands full against the G. E.

The General Electric dropped

only two games in the second half of the Erie circuit, losing to the Moose and the Brabanders, both of which were seen against the Forge earlier in the season. The Irvine boys managed to eke out narrow wins in both contests and probably will have their hands full against the G. E.

It is possible that "Peely" McKinney will be back in the outfield for the Forge in Sunday's game. If he is, both the defensive play and the hitting of the Irvine nine should be improved, although Aumer has given a good account of himself in right field.

For the GEAA, either Red Whifford or Cooney will be on the mound in Sunday's game, with Elder or Williams on the receiving end. The rest of the Genico lineup will include Kienholz at first base, Miodas at second, Trohoski or Hall at shortstop and Seus at third. In the outfield probably will be Bell, Gajewski and David, with Dempsey and Williams as alternates.

It has been stated that if Whifford does not pitch, he will be at first base, replacing Kienholz. Whifford has been a hot man with the bat this season and has been batting in the cleanup position.

WARNING AGAINST OPTIMISM

Hitler's shattered forces cannot long delay complete reclamation of Paris, but their sudden fierce resurgence, after ostensible withdrawal from the capital, provides as with fresh evidence that there's still fight in the cornered Nazi.

It's fair warning against the rather prevalent super-optimism which already has written the war off as finished. Now of course we have every right to be optimistic, because from whatever point you view Herr Hitler's position it's apparent that he's a beaten man and that, as General Sir Bernard Montgomery says, "the end of the war (European) is in sight."

However, we should be content with the demonstrable fact that the German dictator is on his way out and not indulge in the wishful thought that the end is just around the corner. Super-optimism could produce heavy disappointments and also could damage our home-front war effort.

It's true that Hitler's situation is so critical that anything can happen at any time. On that basis he might indeed collapse today, but the cold truth is that he's not likely to.

Barring unforeseen developments, we have a lot of hard work ahead of us. Even if the Hitlerites should start to retreat toward their frontiers immediately, both in France and in the Russian theatre, many weeks likely would elapse before they were brought to bay, unless their retreat was an utter rout without any attempt at rear-guard defense.

The length of time Hitler can hang out depends on two things: (1) How long the German public and fighting men stick with him, and (2) How hard the Allies hit him now when he's rocking on his heels.

JAPS STARTED EARLY

An article in a copy of the New York Tribune printed in the fall of 1860, found by a Times-Mirror reader in an old dwelling he was dismantling, gives the impression that Japan may have been looking forward 84 years ago to Asiatic conquest and possible war with the United States. The item under the heading "Japan" follows:

"The State Department at Washington has received advices from Minister Harris of the 5th of July. He states that the Japanese steamer Candinamarr had arrived at Yeddo from San Francisco, and on the return voyage was navigated by Japanese alone. This, he says, is the first instance in which a vessel conducted by Asiatics has successfully crossed the great North Pacific ocean, and strikingly proves the Japanese to be so capable of improvement that they might soon place themselves at the head of the Oriental enterprise, if allowed freely to cultivate the great powers they possess."

Some 18 million citizens will be receiving \$400,000,000 in tax refunds during the next few months for overpayments of their 1943 income tax. Naturally we shall rejoice if some of it comes our way. But we shall rejoice even more that for most of us this will be the last of such refunds. We shall think of the headaches, sweat and tears that accompanied our too-generous figuring. And we shall sing a short hymn of praise to the original inspiration of Beardsley Ruml and the work of the congressional tax-master who banished the idea of March nightmare for at least 30 million Americans—forever, we hope.

The German armies have a habit of slipping out of traps which is not only skillful but very annoying. They have done it in Russia and in Sicily and in France, and have embarrassed some able generals in the process. But they can't keep it up much longer. For with every slip they get closer to the last trap. That should be Berlin, whence there will be nowhere to slip except to disintegration and oblivion. They'll probably be able to do that, too.

About 1,800 bicycle owners in the borough have failed to heed the announcement that bikes are being registered at the municipal building, it is revealed in a statement that only 700 have been presented for inspection and plates. To accomodate those who may not have had an opportunity to take bikes to the station plans have been made to have an all-day inspection tomorrow beginning at eight o'clock. Better ride around and have the matter taken care of. Bicycle owners who fail to do so are liable to a fine.

On the 85th Anniversary
of "The World's First Oil Well" . . .

"We, the People" speak from Titusville!

ON AUGUST 27, 1859, a railroad conductor named Col. Edwin L. Drake struck oil on a small farm near Titusville, and what had been known as "Drake's Folly" became the "first oil well in the world."

This Sunday night, August 27, through its "We, the People" radio program, Gulf is pleased to join with Titusville and the nation in commemorating the 85th anniversary of this great event.

From special "We, the People" microphones in the Drake Well Memorial Park Library, the thrilling story of Col. Drake's discovery, which gave rise to the great Petroleum Industry, will be brought into millions of American homes. Be sure to listen. The time is 10:30 P. M. over the Columbia Broadcasting System.

National Forge Seeking Men In Essential War Work Tasks

With the Allied armies marching forward to Victory and tattering the realms of Germany and Japan every man in the armed forces from General down to buck private is urging the "home front" to the same effort being put forward by the Army, Navy and Air Forces. To that end the National Forge and Ordnance plant at Irvine is working night and day and due to the draft has openings for a number of men, skilled as well as unskilled. Interviewers will be at the office of the War Manpower Commission Monday and Tuesday from 3 to 5 p. m. and from 7 to 9 p. m. Every man not in an essential industry should respond to the call.

That the opportunity to affiliate with this progressive company is great is evidenced by a number of features enjoyed by the employees.

The rate of pay is as good or better than average in this area, with individual as well as group premiums paid weekly in addition to hourly rates and overtime. Particular attention is devoted to providing clean and safe working conditions, including shower and rest rooms at convenient locations.

The Company assumes present Social Security assessment, furnishes work-clothes with free laundry service, provides free a Pension plan for all employees in addition to Federal Social Security. A plan for annual vacations or vacation-pay is also in effect. It has been company policy for several years to pay substantial Christmas remembrances to all employees.

Group Life Insurance is provided at low rates, as well as Hospitalization, and Sick and Accident protection.

And the management has a most human side and thoroughly be-

lieves that all work and no play does not fit into the scheme of things. To that end a well equipped club house, beautiful picnic grounds equipped with playground amusements and wonderful athletic field is maintained near Irvine. All of its facilities are available without cost to the employees, their families and friends.

The Forge also supports a baseball team. It is one of the fastest to be found in this end of the state and has had a most successful season, from the standpoint of games won and attendance. Bowling leagues, boxing, archery, trap and rifle shooting and other activities are sponsored for the National Forge employees.

In the plant an effort is made to adopt all safety devices, to use the best of lighting appliances and to care for the health of all employees. Several deep arterian wells are used to secure a supply of drinking water. This supply is tested by the State Health Department and is of the best quality. In the plant, milk (of the best quality), beverage and candy vending machines are placed at convenient points.

All in all the National Forge presents immediately a rare opportunity to secure a permanent and enjoyable place of employment.

Forge Defeats Ashville at State Hospital by 7-2 Score

Ginny Freeborough, aided by some lusty thumping by Anvil Andy Natale and Joe Massa, pitched the National Forge to their 28th victory of the season last night defeating Ashville, N. Y. 7-2.

Ashville took a one lead in the first inning but Joe Massa's triple and Andy Natale's homer produced two markers in their half of the first—a lead which the Forgers never relinquished. Creola was hit by a pitched ball to start the second stanza and Joe Massa belted one of Morse's pitches for a round tripper to account for two more tallies. The remainder of the Forger scoring was scattered over the later innings.

Freeborough coasted along behind some fancy fielding letting up enough in the eighth when the opposition pushed across a run on Giegerich's error and singles by K. Morse and Gleason.

Hitting honors were copped by Natale, who hit a homer, a triple, and a single.

For the losers Gleason was the big stickler collecting three hits out of four attempts.

Last night's win marked the

32nd consecutive victory scored by a Forger team on the State Hospital grounds. This string has been compiled over a span of eight seasons.

Church Notes

Members and friends of the First Baptist church will be disappointed to learn that Rev. John B. Davison, of Greenville, Texas, who was scheduled to speak in the local church Sunday morning, will be unable to be here as planned. Rev. Homer B. Carr, of New Fane, N. Y., will be the guest preacher at this time.

Attention is called to announcement that there will be no Sunday school or morning worship in First Presbyterian church from now until Sunday, September 10.

At eight o'clock Sunday evening in Bethany Lutheran church in Sheffield a candlelight service will be held to honor boys and girls in the armed forces. All parents and friends are invited. Next Friday evening at 6:30 the Luther League of the same parish will have a turn-up on the church lawn and will welcome all interested.

Rev. P. E. Nordgren, of Kane will be in charge of the 7:30 p. m. service Sunday in Moriah Lutheran church at Ludlow. Rev. Nordgren formerly supplied St. Paul's parish here and made many friends in the community. Also listed on the Moriah schedule are these events for next week: Thursday, 8 p. m., Luther League; Friday, 2:30 p. m., Ladies' Aid Society.

Sunday will be known as "Homecoming Day" in the First Evangelical church and all classes and departments are asked to try for a full attendance at both church school and morning worship periods. The sermon theme for the morning service will be "The Home of the Soul".

Rev. J. Vincent Fordyce, who has been preaching at the First Pentecostal Mission, 1209 Pennsylvania avenue east, for the past two weeks, will have as his theme for the 11 a. m. Sunday service "The Bitterness in the Cup of Disobedience". In the evening at 7:45 he will speak on "Choosing the Wrong". A cordial invitation is extended to the public to come and hear this minister and the special musical selections by his wife.

Swedish Salvation Army Commander Guest Here Sunday

A treat is in store for members and friends of Calvary Baptist church on Sunday, when an all-Swedish service is scheduled for 3:30 o'clock.

The Swedish Salvation Army of Jamestown will present at that time Commander Karl Larsson, one of the three best known religious leaders of Sweden and author of "Ten Years in Russia", a book which has had a wide circulation. With him will be Major Axel Beckman, meeting leader, and Adjutant Ivar Sorman, secretary and vocal soloist.

Commissioner Larsson is heard frequently in radio broadcasts and has a weekly feature page, "Seen and Heard", in Sweden's War Cry. His career has been a varied one. Before his officership he was a lithographer in Jonkoping, Sweden, a trade which gave him a lifelong interest in printer's ink. He commanded several corps in the beginning of his Salvation Army work and, becoming absorbed in secretarial work at the Stockholm headquarters, served in the additional capacity of War Cry artist. He has been occupied with training college work, has been a divisional commander, all in less than ten years.

After the first decade his administrative capacities were taken into full use for the work of field secretary and later chief secretary. In 1912 he was appointed territorial commander of the Salvation Army in Finland. During this period, the commissioner also opened up the work of the corps in Russia. He has been responsible, too, for the Salvation Army's work in Czechoslovakia, in South America, for seven years in Norway and, since 1935, has been territorial commander of all Salvation Army work in Sweden, with its vast network of activities and its more than 1,700 officers.

All interested persons are cordially invited to hear him and to enjoy the service.

Sunday school at Calvary church will be at 9:45 and the morning worship period at 11, with Holy Communion service following. Speaking at both this service and at 7:30 p. m. will be Rev. Marvin W. Samelson, formerly of Warren and now pastor of Bethel Baptist church in Duluth, Minn. Midweek prayer service will be at 7:45 p. m. Wednesday.

The First, Final and Distribution Account of Emma L. Valentine, Administrator of the Estate of Sarah L. Valentine, deceased, filed June 15, 1944.

The First, Final and Distribution Account of Edwin Carlson, Administrator of the Estate of James R. Anderson, deceased, filed July 25, 1944.

Soldier Writes Of Nice Things Over in Italy

Through a letter which arrived Thursday morning Mrs. George C. Hinton, 20 Elm street, has learned that her son, George F. Hinton, has been promoted to the rank of sergeant, effective August 18.

He writes that he is still in Italy and is bivouacked in a "pretty nice place in an apple orchard. Nearby is a large peach orchard. The trees are simply breaking down with large, sweet dead-ripe peaches. I never saw such a sight in my life and, needless to say, I've eaten my share of peaches. There are also plenty of watermelons; also other kinds of melons around—so you can see there are pleasant things here."

Another indication that things material aren't too bad in his station at the moment is this excerpt from the letter: "We also got our PX rations the other day. By the time I'd traded off all my cigarettes and cigars for candy and got my own candy I had a total of 35 Oh Henry, Babe Ruth and Hershey bars. I was rich. That's the best I've ever done. Yesterday we each got 4 coca colas apiece and we can get ice from the kitchen to cool them, so they're very welcome in this hot weather."

Referring to the military part of his life over there, he says: "Well, I suppose the new invasion is the big news. The planes roared over our heads all night long the other night, and sort of kept me half awake most of the night. We rather suspected what was up, but didn't get the news until in the afternoon."

"Well, I've completed two years overseas and started on my third. We left New York harbor the 6th of August, 1942, very early in the morning. I hope that doesn't become three years but we ought to be back before that. They've got a new system on rotation, too. They send you home on a furlough of 30 days and then you come back overseas and rejoin your outfit."

In the same mail Mrs. Hinton had a letter from her other son, Frank, seaman first class, home from sea duty and visiting his wife in New London, Conn.

Florence Morrison, of the Army Nursing Corps at Brooks General Hospital in San Antonio, Texas, and her brother, Charles W., known as Bill and now pharmacist's mate third class, are home on leave with their parents, Mr. and Mrs. Sam Morrison, 315 West Fifth avenue, and are enjoying their first reunion and visit in four and one-half years. Both have seen overseas duty.

COMES HOME WITH TRINIDAD BRIDE

Frederick L. Retterer, Jr., seaman first class and son of Mr. and Mrs. F. L. Retterer, who has been in Trinidad, British West Indies, for the past two and one-half years is expected home tomorrow morning for 30-day leave with his family and friends. His wife, the former Bertha Gomez, of Trinidad, arrived at the Retterer home last Sunday. Seaman Retterer expects to be stationed in the States and Mrs. Retterer will remain here with his parents for the present.

Announcement has been made by officials of the AAF Materiel Command at Wright Field, Dayton, O., of the promotion of Harry H. Rossman, 1½ Jackson avenue, from the rank of private first class to corporal. He has been stationed at that field since August 16, 1943.

Pvt. B. V. Marlowe has stopped over for 15-day furlough with his wife and family at 116 Pennsylvania avenue, east, while enroute from Atlanta, Ga., to Fort Lewis.

Mrs. Allan Grosch, 700 East street, has had word from her husband, Seaman Second Class Grosch that he has arrived safely somewhere in the Hawaiian Islands. He had his boot training at Bainbridge, Md., before reporting to the west coast for assignment.

Myron King, son of Mr. and Mrs. Claude King, 615 Water street, is home on seven-day leave after completing his boat training at Sampson, N. Y.

FARM NEWS

Harrisburg, Aug. 25.—(B)—
Poultrymen estimated that approximately 40 per cent of all chickens raised in the United States this year are young pullets, now being held on farms for flock replacements this fall and winter.

In spite of the drop, however, 1944's chicken flocks are 22 per cent greater than the state's 10-year average for 1933 to 1943.

Principal factors influencing the decline, poultrymen said, were last spring's over-supply of eggs and the resultant low prices, and increased cost of feed.

The crop service said the baby chick market fell off during spring months when many farmers cancelled part of their orders, as a

means of reducing their flocks.

Poultrymen estimated that approximately 40 per cent of all chickens raised in the United States this year are young pullets, now being held on farms for flock replacements this fall and winter.

On the basis of the latest report on hatchery production of baby chicks in the state, poultrymen today predicted a drop in production of eggs on Pennsylvania farms.

However, state department of agriculture representatives said the expected decline should not cause a shortage of eggs.

The bureau of markets reported many farmers have been culling poor layers from their flocks all summer, giving only higher producing birds.

Chick orders on hand at hatcheries Aug. 1 were less than a third of the number on hand last year, although turkey pouls were in strong demand during July.

Wool production in the state this year totaled 2,498,000 pounds, or 74,000 pounds less than last year's output, the crop reporting service announced.

BATTLE FOR PARIS ENTERS FINAL STAGE

FRENCH AND AMERICANS MARCHING IN

Gen. Dwight Eisenhower's Headquarters Declares Liberation of City "Is a Fact"

FIGHTING DYING DOWN

BULLETIN
Paris, Aug. 25—(P)—Street fighting raged through the heart of Paris today as American and French columns drove into the city from the south amid a tumultuous welcome from hundreds of thousands of Parisians.

By JAMES F. KING
London, Aug. 25—(AP)—French and American troops entered Paris today and detachments penetrated to the center of the city. The final stages of a battle for liberation were in full swing and a joyous populace already was celebrating its freedom. Allied broadcasts from the capital declared.

(The Liberation of Paris by French and American forces "is a fact," declared an NBC broadcast from a reporter with American forces in France.

Gen. Jacques Le Clerc entered the Orleans gate at 9:45 a.m. broadcasts from Paris said.

The bulk of the French general's second armored divisions—30,000 strong—was massed in the Pont De Sevres sector in southwest Paris and already had begun to march in, said one Allied transmitter broadcasting from Paris.

Gen. Charles De Gaulle was said to be at Bagneux a southwestern suburb six miles from the center of Paris waiting to be conducted into the capital where the carillons of Notre Dame and church bells throughout the city already heralded the enemy of one spearhead.

In the courtyard of the Seine police prefecture the Marseillaise was sung and soon the anthem was taken up through the neighboring streets. Streets of the capital were draped with Allied flags.

The old revolutionary war cry of Parisians, "to the barricades" was sounded in appeals to the populace to rally to the final fight for liberation, which was said to center at the Ecole Militaire, the Palais Du Luxembourg and the district of Clinchy in north Paris.

But fighting was said to be dying down in the old tapestry manufacturer, the Gobelins, and the French were mostly in control of the suburbs—the red belt.

The FFI was ordered to hold its positions "at any price" until relieved arrived in strength.

Patriots in the town hall of the 11th ward in the northeast called for reinforcements and ammunition replenishment during the night.

But "a great part of the capital has been liberated," a Col. Rolle, identified as an FFI commander, broadcast.

The Patriots were in control of several bridges and all barricades were declared manned.

Leclerc went through the boulevard St. Germain and moved on the Palace De La Concorde.

American forces stationed at Bourg La Reine and Bagneux started moving into the city at 8:15 a.m.

Other tanks and vehicles of Leclerc's command entered by the Chatillon gate at 7:15 a.m. and invaded the Boulevard Brune.

The arrival of a detachment in the center of the city was reported by an American correspondent in a broadcast.

The Morocco radio said the "bulk

Army Looks to October First Mountbatten As Tentative Date for V-Day Returns To Post in Asia

Washington, Aug. 25—(P)—Chairman Woodrum (D-Va.) of the house postwar military policy committee said today that the army "tentatively" looks to Oct. 1, 1944, as the date for the end of the war against Germany.

Woodrum interposed the statement at a hearing at which Rear Admiral James H. Irish, inventory control officer for the navy, indicated the navy expects to be still fighting in the Pacific through 1945.

Woodrum did not amplify nor

explain the source of his information.

Admiral Irish made his comment after declaring that "the successful prosecution of the navy's war in the Pacific is being handicapped by the failure to obtain necessary ships, such as troop carriers, refrigerating ships, and other important parts of the shipbuilding program."

Discussing supplies and supplies Irish said:

"We are assuming that the war will proceed on at least until the end of 1945."

Score of Boys Report For St. Louis Cards' Tryout School

The St. Louis baseball tryouts opened one of the biggest sport weekends held in Warren in many years. Pop Kelchner and Roy Dissing arrived in Warren about 10:30, coming from Clefield. They organized the boys at the State Hospital diamond and immediately got them ready to play. Dissing took care of the fielding while Kelchner took notes of promising boys.

Included among the score of boys who reported were a number from Kane and Oil City.

Kelchner started the tryout with these words: "This is not a school. You are here to show us what you can do. Of course, you may not hit the big leagues right away. You will probably begin in a D league. Some may have the ability to start out in a better league. There is no reason at all why some of you boys can't make the grade. You must be interested in order to play ball. We will judge speed, throw, batting, and fielding."

The boys were reminded of words spoken by Honus Wagner that boys don't realize the opportunities they have. Honus said that when he started out he played for fifty dollars a month.

Pop Kelchner played ball in Warren in 1907 with the Kane Inter-state team. This makes his 36th year as a scout. Three were spent with Connie Mack, five for the St. Louis Browns, and 26 for the St. Louis Cardinals. Among his finds were Joe Medwick, Billy Myers, Stan Musial, Charlie Gilbert of World Series fame, and Whitey Kurowski. Kelchner stated that two—

1,100 Heavies Hammer Ten Nazi Targets

London, Aug. 25—(P)—More than 1,100 American bombers escorted by strong forces of fighters and fighter bombers smashed today at ten north German objectives including the Peenemunde experimental station north of Berlin where flying and rocket bombs are developed.

Targets included four aircraft factories, three air force stations, a research center, a synthetic oil plant and the robot bomb station.

Peenemunde lies on the Baltic, 110 miles from Berlin and has been a frequent Allied target.

Recent advices have said the Germans were developing their "V-2" weapon there, variously described as a 60 TP 90-ton rocket carrying about a ten-ton explosive warhead.

RAF Mosquito bombers blasted objectives in France and Belgium.

Oil City Looks Forward To Welcome For Col. Gabreski

By JOAN SKIDMORE

Oil City, Aug. 25—(P)—Friends and townspeople of Lt. Col. Francis Gabreski rejoiced quietly today and again looked forward to a big homecoming celebration as they reviewed the news that the nation's top fighter pilot no longer is listed as "missing," but is a prisoner of war in Germany.

They took their cue from the hero's family, who conducted "business as usual" in their grocery market here.

Expressing her gratitude that her son is safe, Mrs. Stanley Gabreski smiled through tears and confessed:

"I'll be happier when he is home."

The friends and townspersons had planned a gigantic celebration for the ace's expected homecoming early this month.

The celebration we planned was to have been a large and spectacular one," Stephen Oliver, a member of the committee said.

Mr. Gabreski, who never

declared yesterday's news made him "feel good," insisted:

"I always felt that he was alive, somewhere, maybe lost for time, but I felt we'd have good news."

Mrs. Gabreski yesterday enjoyed for the first time the medals her son had won, and which arrived after he was reported missing. She proudly displayed the Distinguished Flying Cross with seven clusters, the Air Medal with four clusters, the Silver Star and the Polish Cross of Valor.

It was when the medals arrived,

Lottie, his sister, said, that her mother "broke down" viewing the mute tokens of her son's heroism only a sad reminder that he was lost.

Like Kay Cochran of Prairie Du Chien, Wis., her son's fiancee, Mrs. Gabreski has prayed in her church each day for the pilot's safety.

Miss Cochran, whom the pilot met while stationed in Hawaii, wasn't too surprised when she learned he was safe.

"I knew my prayers would be answered," she said.

FIGHTING IN MARSEILLE

BULLETIN
London, Aug. 25—(P)—French Forces of the Interior entered Lyon, third city of France at the head of the Rhone valley, Thursday, a communiqué from the FFI announced tonight.

By NOLAND NORGARD

Rome, Aug. 25—(P)—American troops of the Seventh Army have seized the resort of Cannes on the French Riviera and the nearby inland town of Grasse, extending the hold on southern France eastward today toward the Italian frontier, Allied headquarters announced.

Another U. S. column, smashing westward from Salon, northwest of Marseille, was reported within eight miles of Arles and the lower Rhone river, in the drive on that vital natural highway for a junction with Allied armies in northern France.

Lord Mountbatten, stepping westward from Salon, northwest of Marseille, was reported within eight miles of Arles and the lower Rhone river, in the drive on that vital natural highway for a junction with Allied armies in northern France.

Lord Mountbatten said his men were fighting an often fanatical foe over some of the world's worst terrain and that the Allied hardships in his theater largely were unnoticed by the "folks back home."

He declined to forecast future operations. Instead he reviewed to a press conference the campaign which has been hampered by lack of landing craft, withdrawn for use at Anzio and France. He said the loss of their vehicles meant a revision of his plans "on a less ambitious scale," aimed at clearing the Japanese from northeast Burma and thus improving the supply situation for China and Major Gen. Claire L. Chennault's "very effective" U. S. 14th Air Force.

He said the campaign strategy was for Gen. Joseph W. Stilwell to drive on Mogaung and Myitkyina with American and Chinese forces while the British 14th army forced Japanese reinforcements from moving to meet him and also engaged the bulk of Japanese strength in Burma.

GIRL IS MISSING
Viola Rose Sullivan, 24, of Youngsville is missing from her home there and police of this section have been asked to hunt her. The information was carried on the state police teletype. Corry police have been especially urged to search for the young woman.

BLACK OUT TEST
Allen Gibson, chairman of the County Defense Council is in receipt of a telegram sent by Ralph Hutchinson, state director stating that no black out test is scheduled before September, despite former announcements that there would be one. Hutchinson says he has no information when such a drill will be ordered.

CAPPED MANY TIRES
The Carlson Service Store which entered the re-capping business last June has made a fine record to date with the work of making new ones out of old ones. They have re-capped 1000 tires to date with great success. During the past two weeks they have commenced the work of re-capping truck tires and in this work have been highly successful.

LICENSES SUSPENDED
In the current report of suspensions and revocations of driving permits provided by the state department of revenue appear the following names from Warren County: Clair Beardsley, Sugar Grove RD 2, and George E. Bogart, Columbus, beginning August 18 and ranging from 30 to 90 days for failure to provide financial responsibility; Michael Benson, Russell, for intoxication. Driving privileges have been restored in the same period to Howard Witz of Russell.

REGISTER THAT BIKE
Police officials estimate that only about 700 of the estimated 2,500 owners of bicycles in the borough have had them registered during the week. This means that about 1,800 bicycles are still unregistered. For the convenience of those who have not found it possible to go to the station before announcement is made, registrations will be made all day tomorrow beginning at eight o'clock. Bike owners are reminded that the ordinance provides a fine and costs for failure to have a bicycle registered and inspected.

Peculiar Circumstances May Bring Adjustment in Rentals

Announcement was made today by Frank S. Anderson, District Executive of the Erie OPA District of two new amendments to the Rent Regulations.

Under the first one, called the "peculiar circumstances" amendment, provision has been made for upward or downward revision of rents if the rent on the date determining the maximum rent was materially affected by peculiar circumstances and as a result was substantially lower or higher than the rent generally prevailing in the defense-rent area for comparable housing accommodations on the maximum rent rate.

A landlord to come under the provisions of the amendment must be able to show that the rent at which he was frozen was fixed under conditions definitely not present in the usual bargaining situation and as a result his rent is substantially lower than the rent generally prevailing for comparable housing accommodations.

Examples of cases coming under this "peculiar circumstance" provision include a so-called "ghost" house renting for below comparability, a dwelling unit rented at a very low figure by a mental incompetent, a house with low rent because of disputed ownership, and an apartment rented at an abnormally high figure because of the need for dwelling accommodations for a short term of one month.

Three requirements for an adjustment under this amendment are necessary:

1. The rent on the date determining the maximum must have been substantially below the rent generally prevailing in the area for comparable accommodations on the maximum rent date;
2. It must appear that there were "peculiar circumstances" in connection with

the renting;

3. It must appear

COMPANY I PICNIC

Company I, 16th Regiment will hold a picnic Sunday at Washington Park at which a general good time, some swell eats and other features will be enjoyed. It is expected that there will be a large turnout of members.

HUNTING LOST PLANE

Warrenites this morning sighted two high flying Army planes that passed over this section. They were engaged with others in a search for a plane that is reported down over this state during the heavy fog.

BOUGHT SPRAY OUTFIT

Harry Foulkrod, painting contractor has just purchased a large and heavy spray outfit which he will use in his work. It is complete and modern and one of the best ever brought to the city. He stated this morning he can now take on contracts for the painting of houses for completion this fall.

LANDED BIG FISH

One of the finest muskies that has been seen in this section this season was landed near Maple Springs in Lake Chautauqua yesterday by Dr. R. S. Gibb, who with his family is sojourning at the lake. The big fellow was hooked on a copper spinner and measured 48 inches in length and weighed 38 pounds. David, son of Dr. Gibb, hooked into a big one at the lake this week and got it up to the boat but it got away.

BITTEN BY DOG

A State Police alarm was sent out today in an effort to locate Ellsworth Bernard Meador, of Coraopolis, and his 11-year-old son, who are believed to be fishing in this vicinity. The two were due to fish near Tionesta and then come to Youngsville, later planning to go to Meadville and Franklin. It is urgent that they be located for both were bitten by a dog before they left their home and it has now been determined that the dog was suffering with rabies. The father and son must be given the Pasteur treatment promptly.

Personal Paragraphs

Mr. and Mrs. Gilbert Fehlman will leave tomorrow morning for their home in Washington, D. C., after spending some time in this city on a vacation trip.

William T. Granquist is spending a short vacation with his parents, Mr. and Mrs. Victor Granquist in Akeley, before returning to the Case School of Applied Science in Cleveland, where he has accepted a position. Young Granquist, who graduated with honors last week at Case, spent a few days visiting a classmate, Leslie Steele, in Cleveland this week.

WARNING AGAINST OPTIMISM

Hitler's shattered forces cannot long delay complete reclamation of Paris, but their sudden fierce resurgence, after ostensible withdrawal from the capital, provides us with fresh evidence that there's still fight in the cornered Nazi.

It's fair warning against the rather prevalent super-optimism which already has written the war off as finished. Now of course we have every right to be optimistic, because from whatever point you view Herr Hitler's position it's apparent that he's a beaten man and that, as General Sir Bernard Montgomery says, "the end of the war (European) is in sight."

However, we should be content with the demonstrable fact that the German dictator is on his way out and not indulge in the wishful thought that the end is just around the corner. Super-optimism could produce heavy disappointments and also could damage our home-front war effort.

It's true that Hitler's situation is so critical that anything can happen at any time. On that basis he might indeed collapse today, but the cold truth is that he's not likely to.

Barring unforeseen developments, we have a lot of hard work ahead of us. Even if the Hitlerites should start to retreat toward their frontiers immediately, both in France and in the Russian theatre, many weeks likely would elapse before they were brought to bay, unless their retreat was an utter rout without any attempt at rear-guard defense.

The length of time Hitler can hang out depends on two things: (1) How long the German public and fighting men stick with him, and (2) How hard the Allies hit him now when he's rocking on his heels.

JAPS STARTED EARLY

An article in a copy of the New York Tribune printed in the fall of 1860, found by a Times-Mirror reader in an old dwelling he was dismantling, gives the impression that Japan may have been looking forward 84 years ago to Asiatic conquest and possible war with the United States. The item under the heading "Japan" follows:

"The State Department at Washington has received advices from Minister Harris of the 5th of July. He states that the Japanese steamer *Candianamrah* had arrived at Yedo from San Francisco, and on the return voyage was navigated by Japanese alone. This, he says, is the first instance in which a vessel conducted by Asiatics has successfully crossed the great North Pacific ocean, and strikingly proves the Japanese to be so capable of improvement that they might soon place themselves at the head of the Oriental enterprise, if allowed freely to cultivate the great powers they possess."

Some 18 million citizens will be receiving \$400,000,000 in tax refunds during the next few months for overpayments of their 1943 income tax. Naturally we shall rejoice if some of it comes our way. But we shall rejoice even more that for most of us this will be the last of such refunds. We shall think of the headaches, sweat and tears that accompanied our too-generous figuring. And we shall sing a short hymn of praise to the original inspiration of Beardsley Ruml and the work of the congressional tax-master who banished the Ides of March nightmare for at least 30 million Americans—forever, we hope.

The German armies have a habit of slipping out of traps which is not only skillful but very annoying. They have done it in Russia and in Sicily and in France, and have embarrassed some able generals in the process. But they can't keep it up much longer. For with every slip they get closer to the last trap. That should be Berlin, whence there will be nowhere to slip except to disintegration and oblivion. They'll probably be able to do that, too.

About 1,800 bicycle owners in the borough have failed to heed the announcement that bikes are being registered at the municipal building, it is revealed in a statement that only 700 have been presented for inspection and plates. To accommodate those who may not have had an opportunity to take bikes to the station plans have been made to have an all-day inspection tomorrow beginning at eight o'clock. Better ride around and have the matter taken care of. Bicycle owners who fail to do so are liable to a fine.

T-H-O-U-G-H-T-S

But he that doeth wrong shall receive for the wrong which he hath done; and there is no respect of persons.—Colossians 3:25.

On the 85th Anniversary
of "The World's First Oil Well" . . .

"We, the People" speak
from Titusville!

ON AUGUST 27, 1859, a railroad conductor named Col. Edwin L. Drake struck oil on a small farm near Titusville, and what had been known as "Drake's Folly" became the "first oil well in the world."

This Sunday night, August 27, through its "We, the People" radio program, Gulf is pleased to join with Titusville and the nation in commemorating the 85th anniversary of this great event.

From special "We, the People" microphones in the Drake Well Memorial Park Library, the thrilling story of Col. Drake's discovery, which gave rise to the great Petroleum Industry, will be brought into millions of American homes. Be sure to listen. The time is 10:30 P. M. over the Columbia Broadcasting System.

National Forge Seeking Men In Essential War Work Tasks

With the Allied armies marching forward to Victory and tattering the realms of Germany and Japan, every man in the armed forces from General down to buck private is urging the "home front" to the same effort being put forward by the Army, Navy and Air Forces. To that end the National Forge and Ordnance plant at Irvine is working night and day and due to the draft has openings for a number of men, skilled as well as unskilled. Interviewers will be at the office of the War Manpower Commission Monday and Tuesday from 3 to 5 p. m. and from 7 to 9 p. m. Every man not in an essential industry should respond to the call.

The opportunity to affiliate with this progressive company is great as evidenced by a number of features enjoyed by the employees.

The rate of pay is as good or better than average in this area, with individual as well as group premiums paid weekly in addition to hourly rates and overtime. Particular attention is devoted to providing clean and safe working conditions, including shower and rest rooms at convenient locations.

The Company assumes present Social Security assessment, furnishes work-clothes with free laundry service, provides free a Pension plan for all employees in addition to Federal Social Security. A plan for annual vacations or vacation-pay is also in effect. It has been company policy for several years to pay substantial Christmas remembrances to all employees.

Group Life Insurance is provided at low rates, as well as Hospitalization, and Sick and Accident protection.

And the management has a most human side and thoroughly be-

lieves that all work and no play does not fit into the scheme of things. To that end a well equipped club house, beautiful picnic grounds equipped with playground amusements and wonderful athletic field is maintained near Irvine. All of its facilities are available without cost to the employees, their families and friends.

The Forge also supports a baseball team. It is one of the fastest to be found in this end of the state and has had a most successful season, from the standpoint of games won and attendance. Bowling leagues, boxing, archery, trap and rifle shooting and other activities are sponsored for the National Forge employees.

In the plant an effort is made to adopt all safety devices, to use the best of lighting appliances and to care for the health of all employees. Severe deep arteritis wells are used to secure a supply of drinking water. This supply is tested by the State Health Department and is of the best quality. In the plant, milk (of the best quality), beverage and candy vending machines are placed at convenient points.

All in all the National Forge presents immediately a rare opportunity to secure a permanent and enjoyable place of employment.

Forge Defeats Ashville at State Hospital by 7-2 Score

Ginny Freeborough, aided by some lusty thumping by Andy Natale and Joe Massa, pitched the National Forge to their 25th victory of the season last night defeating Ashville, N. Y. 7-2.

Ashville took a one lead in the first inning but Joe Massa's triple and Andy Natale's homer produced two markers in their half of the first—a lead which the Forgers never relinquished. Creola was hit by a pitched ball to start the second stanza and Joe Massa belted one of Morse's pitches for a round tripper to account for two more tallies. The remainder of the Forge scoring was scattered over the later innings.

Freeborough coasted along behind some fancy fielding letting up enough in the eighth when the opposition pushed across a run on Giegerich's error and singles by K. Morse and Gleason.

Hitting honors were copped by Natale, who hit a homer, a triple, and a single.

For the losers Gleason was the big sticker collecting three hits out of four attempts.

Last night's win marked the

32nd consecutive victory scored by a Forge team on the State Hospital grounds. This string has been compiled over a span of eight seasons.

PONY LEAGUE

Buffalo, N. Y., Aug. 25—(AP)—Batavia and Jamestown, who have been playing "you've got it—I've got it" with the number two spot in the PONY League standings for well over a month, are tied again for second place.

Jamestown notched a 3-2 victory over the Wellsville Yankees in the seven-inning opener of a double header, with Lefty Lyle Parkhurst giving up only three scattered hits. The Falcons went down to defeat in the nightcap, however, when the Yanks shut them out 2-0.

A bad throw by Batavia shortstop Valasquez allowed Olean Oilers a 2-1 win.

The league-leading Lockport Cubs defeated the Bradford Bluewings 3-2, with Zeke Frunini scoring the winning run in the ninth. Hornell Pitcher Fasano gave up four hits and two walks in the seventh inning of the Pirates' encounter with Erie, allowing the Sailors to score five runs for a final tally of 5-2.

Today's games: Batavia at Olean (2); Wellsville at Jamestown; Bradford at Lockport; Erie at Hornell.

Letters to Sports Editor

Sports Editor:

Many Warren and McKean county friends of Ray Caldwell hope to see him in action Saturday August 26 at the old timers game sponsored by the Warren Kiwanis club. Numerous times in the past did the New York Yankee star pitcher cross swords with the great Walter Johnson and more than once outpitched him. Credited is he also with striking out the mighty Babe Ruth—and back in the days when Connie Mack and his world series contenders boasted of real talent, Ray shut them out in the first game of a double header 5-0 only yielding 2 hits. In the second game when the Athletics began taking away their lead Slim Ray Caldwell, made his reappearance. He had only to pitch one inning to do it. He fanned 3 batters in succession and walked to the bench in the 8th inning to the tune of the greatest outburst of applause heard at the Polo Grounds in some time.

After the double header Connie Mack had the following to say: "The best pitched game I have seen in years was the first of our double headers." New York, last Saturday: "Caldwell's work was simply wonderful. He out-guessed his hitters all the way by mixing his slow balls with the fast jump

RELIGIOUS INTERFAITH MEETING
ON
**WEEKDAY SCHOOL OF
RELIGIOUS EDUCATION**
Arranged By
Warren Council of Week Day Religious Education
Warren High School

WEDNESDAY EVENING, AUGUST 30th, 7:30

Participants:

A Warren County Protestant Minister
A Warren County Roman Catholic Priest
A Warren County Jewish Rabbi

**Weekday Religious Education Council
Invites Public to Interfaith Meeting**

Because of the success of its religious program in the local high and junior high schools in the past two years, Warren's Council of Weekday Religious Education is planning an "Interfaith Meeting" for Wednesday evening, August 30, at 7:30 o'clock in the high school auditorium.

It is hoped to bring even closer cooperation among the various faiths in Warren by giving the public an opportunity to meet for a discussion by local religious leaders. How a pastor, a priest and a rabbi look at religious education will be the speakers' theme for the evening: Rev. Wayne Furman, of First Methodist church, will outline the activities of the Warren Council of Weekday Religious Education; Rev. S. R. Schieb, of Salem Evangelical parish, Father Edward Jacobs of Tidduo and Rabbi Hans Kronheim, of the Warren and Jamestown synagogues, will discuss the religious education of their respective faiths.

Religious leaders here hope that among those present at this Interfaith Meeting will be parents of all school children, so they may learn just how young people are being helped by this religious instruction.

Many parents have urged their children to enroll for the religious courses offered, few know the value of the work and how it is being carried on, according to council members. The pastor and laymen of each congregation, a representative of each PTA and four members at large comprise the council, whose aims are to bring closer cooperation between religion and education and to help produce wholesome character in our youth. It arranges a complete course of study and finances its own educational program.

The Warren school board approves credits for classes in religious education; one-half credit for each year's work done by students in the 9th, 10th, 11th and 12th grades.

The council is this year ably led by Rev. Furman, president, and Rev. J. C. Wygant, vice president. Council members are as follows:

United Brethren church—Rev. R. H. Eggleston, Mrs. S. B. Caldwell, Mrs. L. S. Shearer, Free Methodist—Mrs. A. J. Mooney, Mrs. H. F. Sigworth, Mrs. Dorothy Kifer, Grace Methodist—Rev. Harold Knappberger, R. H. Young, Ruth Karr, Trinity Memorial—Rector Beecher M. Rutledge, S. L. Myer, Epworth Methodist—Rev. M. L. Harding, Mrs. Oscar Granquist, Frank Tuttle, Emmanuel Evangelical and Reformed—Rev. W. T. Lane, Wayne Painter and Mrs. Arnold Fischer, Church of the Nazarene—Rev. G. V. Woods, Edward E. Hertz and E. SUNDAY SERVICES IN WARREN CHURCHES

Swedish Salvation Army Commander Guest Here Sunday

A treat is in store for members and friends of Calvary Baptist church on Sunday, when an all-Swedish service is scheduled for 3:30 o'clock.

The Swedish Salvation Army of Jamestown will present at that time Commander Karl Larsson, one of the three best known religious leaders of Sweden and author of "Ten Years in Russia," a book which has had a wide circulation. With him will be Major Axel Beckman, meeting leader, and Adjutant Ivar Sorman, secretary and vocal soloist.

Commissioner Larsson is heard frequently in radio broadcasts and has a weekly feature page, "Seen and Heard" in Sweden's War Cry. His career has been a varied one. Before his priesthood he was a lithographer in Jonkoping, Sweden, a trade which gave him a lifelong interest in printer's ink. He commanded several corps in the beginning of his Salvation Army work, and, becoming absorbed in secretarial work at the Stockholm headquarters, served in the additional capacity of War Cry artist. He has been occupied with training college work, has been a divisional commander, all in less than ten years.

After the first decade his administrative capacities were taken into full use for the work of field secretary and later chief secretary. In 1912 he was appointed territorial commander of the Salvation Army in Finland. During this period, the commissioner also opened up the work of the corps in Russia. He has been responsible, too, for the Salvation Army's work in Czechoslovakia, in South America, for seven years in Norway and, since 1935, has been territorial commander of all Salvation Army work in Sweden, with its vast network of activities and its more than 1,700 officers.

All interested persons are cordially invited to hear him and to enjoy the service.

Sunday school at Calvary church will be at 9:45 and the morning worship period at 11, with a Holy Communion service following. Speaking at both this service and at 7:30 p. m. will be Rev. Marvin W. Samuelson, formerly of Warren and now pastor of Bethel Baptist church in Duluth, Minn. Midweek prayer service will be at 7:45 p. m. Wednesday.

Church Notes

Members and friends of the First Baptist church will be disappointed to learn that Rev. John B. Davidson, of Greenville, Texas, who was scheduled to speak in the local church Sunday morning, will be unable to be here as planned.

Rev. Homer B. Carr, of New Fane, N. Y., will be the guest preacher at this time.

Attention is called to announcement that there will be no Sunday school or morning worship in First Presbyterian church from now until Sunday, September 10.

At eight o'clock Sunday evening in Bethany Lutheran church in Sheffield a candlelight service will be held to honor boys and girls in the armed forces. All parents and friends are invited. Next Friday evening at 6:30 the Lutheran League of the same parish will have a tureen supper on the church lawn and will welcome all interested.

Rev. P. E. Nordgren, of Kane will be in charge of the 7:30 p. m. service Sunday in Moriah Lutheran church at Ludlow. Rev. Nordgren formerly supplied St. Paul's parish here and made many friends in the community. Also listed on the Moriah schedule are these events for next week: Thursday, 8 p. m., Lutheran League; Friday, 2:30 p. m., Lutherans' Aid Society.

Soldier Writes Of Nice Things Over in Italy

Through a letter which arrived Thursday morning Mrs. George C. Hinton, 20 Elm street, has learned that her son, George F. Hinton, has been promoted to the rank of sergeant, effective August 18.

He writes that he is still in Italy and is bivouacked in a "pretty nice place in an apple orchard. Nearby is a large peach orchard. The trees are simply breaking down with large, sweet dead-ripe peaches. I never saw such a sight in my life and, needless to say, I've eaten my share of peaches. There are also plenty of watermelons; also other kinds of melons around—so you can see there are pleasant things here."

Another indication that things material aren't too bad in his station at the moment is this excerpt from the letter: "We also got our PX rations the other day. By the time I'd traded off all my cigarettes and cigars for candy and got my own candy I had a total of 35 Oh Henry, Babe Ruth and Hershey bars. I was rich. That's the best I've ever done. Yesterday we each got 4 coca colas apiece, and we can get ice from the kitchen to cool them, so they're very welcome in this hot weather."

Referring to the military part of his life over there, he says: "Well, I suppose the new invasion is the big news. The planes roared over our heads all night long the other night, and sort of kept me half awake most of the night. We rather suspected what was up, but didn't get the news until in the afternoon."

"Well, I've completed two years overseas and started on my third. We left New York harbor the 6th of August, 1942, very early in the morning. I hope that doesn't become three years but we ought to be back before that. They've got a new system on rotation, too. They send you home on a furlough of 30 days and then you come back overseas and rejoin your outfit."

In the same mail Mrs. Hinton had a letter from her other son, Frank, seaman first class, home from sea duty and visiting his wife in New London, Conn.

HAPPY REUNION

Lt. Florence Morrison, of the Army Nursing Corps at Brooks General Hospital in San Antonio, Texas, and her brother, Charles W., known as Bill and now pharmacist's mate third class, are home on leave with their parents, Mr. and Mrs. Sam Morrison, 315 West Fifth avenue, and are enjoying their first reunion and visit in four and one-half years. Both have seen overseas duty.

COMES HOME WITH TRINIDAD BRIDE

Frederick L. Retterer Jr., seaman first class and son of Mr. and Mrs. F. L. Retterer, who has been in Trinidad, British West Indies, for the past two and one-half years is expected home tomorrow morning for 30-day leave with his family and friends. His wife, the former Bertha Gomez, of Trinidad, arrived at the Retterer home last Sunday. Seaman Retterer expects to be stationed in the States and Mrs. Retterer will remain here with his parents for the present.

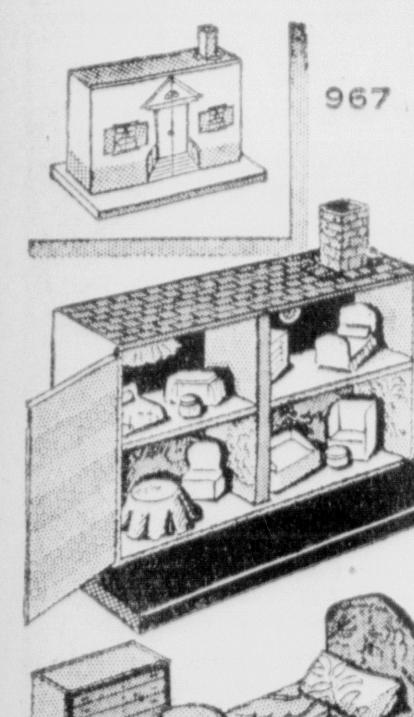

Announcement has been made by officials of the AAF Materiel Command at Wright Field, Dayton, O., of the promotion of Harry H. Rossman, 1½ Jackson avenue, from the rank of private first class to corporal. He has been stationed at that field since August 16, 1943.

Pvt. B. V. Marlowe has stopped over for 15-day furlough with his wife and family at 116 Pennsylvania avenue, east, while enroute from Atlanta, Ga., to Fort Lewis.

Mrs. Allan Grosch, 700 East street, has had word from her husband, Seaman Second Class Grosch that he has arrived safely somewhere in the Hawaiian Islands. He had his boot training at Bainbridge, Md., before reporting to the west coast for assignment.

Myron King, son of Mr. and Mrs. Claude King, 615 Water street, is home on seven-day leave after completing his boot training at Sampson, N. Y.

Mail Gifts To Soldiers Soon

Now is the time to start your Christmas shopping for men and women in service overseas. Postmaster James K. Bell reminds shoppers that packages must be mailed between Sept. 15 and Oct. 15 if they are to get there in time. Keep these rules in mind for the overseas' packages:

Wrap and pack them firmly and securely.

Parcels must not be more than 15 inches long or 36 inches in length and girth combined. They cannot weigh more than five pounds.

Addresses of sender and re-

cipient should be written clearly and correctly on both the wrapper and inside the package.

Christmas Parcel should be printed plainly on the outside.

Wood, fiberboard or metal containers are preferable.

Anything that may damage other mail may not be sent. Sharp instruments must be carefully protected. Perishable goods, intoxicants and inflammable materials will not be accepted for mailing.
